Re: Your letter of December 4, 1989
regarding the Coakley Landfill
Superfund Site

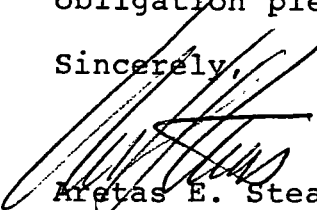

Dear Mr. Calder:

I have attempted on numerous occasions to reach you or
Mr. Williamson to discuss this matter, but to no
avail.

We are a general merchandise retail store located in
the Newington Mall. To our knowledge we have never had
to process hazardous materials in our line of business.
Please find attached a summary of those companies
responsible for the disposition of our trash and the
location to which it was hauled. We have no idea
where Great Bay Disposal (Ray Bardwell) hauled our
refuse while under contract with us.

If more information is required of us to meet our
obligation please notify us.

Sincerely,

Aretas E. Stearns
President

AES/lsf
